There are 2 audio listeners in the scene. Please ensure there is always exactly one audio listener in the scene.

PLANNING FOR NEXT WEEK

- **gmapping** to build a 2D occupancy grid map (a static map)
  - Consider AMCL instead of SLAM once already have a saved map
- Set up and build **global_costmap** and **local_costmap**
  - Connect it with RVIZ to visualize the costmaps
- Research about **move_base** and its navigation stack with **navfn** and **dwa**

THANK YOU
